

THOMAS W. CHAPMAN, AIA, NCARB

As the founding Architect and Principal of SGDesign, Tom takes pride in building long-term Client relationships and stays fully vested in all aspects of the project from design through construction administration. Working on architectural and interior projects ranging from micro-scaled renovations to master planned offices and retail developments, he has experience in a wide variety of project types of various sizes and scopes.

Tom is very much a people person. Clients appreciate his ability to see things from their perspective. His capacity to connect with Clients and develop trust allows him to lead projects and to give them confidence and comfort in the direction of his design. Tom's belief in building strong, long-lasting relationships with general contractors is key to the success of a project.

With over 30 years' experience, Tom brings remarkable enthusiasm and delivers intelligent and appropriate design solutions while always remaining respectful of the client's budget and schedule.

A selection of Tom's recent projects include:

- › A new ground-up 170,000 SF headquarters for a leading supplier of innovative signal processing systems
- › High-end restaurant chain with \$4million finish-out per restaurant, approx. 10,000 SF each - multiple locations
- › New Casual Dining Restaurant Concept, approx. 4,000 SF - multiple locations

Education:

University of Tennessee:
Bachelor of Arts in Architecture 1983

NCARB Certified to practice architecture in 26 states

As a highly-satisfied Client, we would like to express our gratitude for the many wins we have had working with Tom and SGDesign. Anyone would be well served in choosing them as their architectural firm.
